Atomizer 24-32-40-Y

Air - Oil ratio

32-480

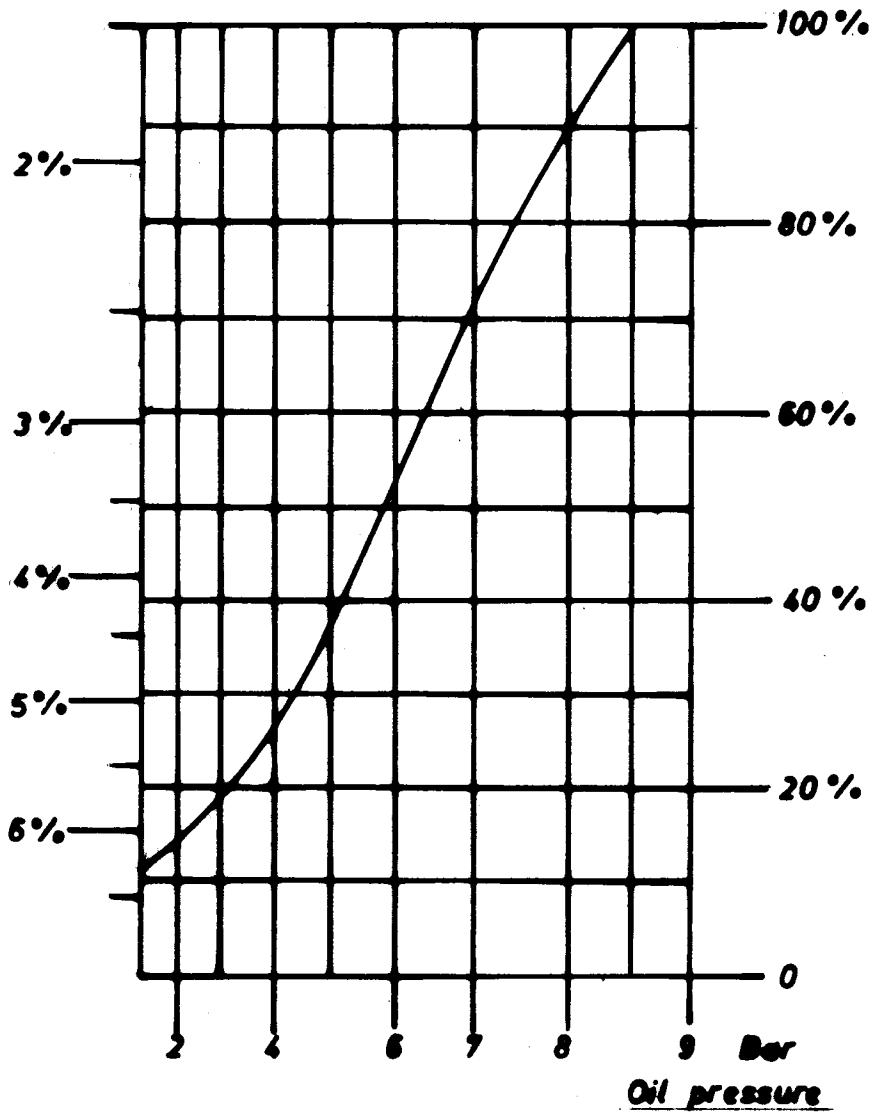

4-88

1-86

Air pressure 6 Bar

Air consumption kg/h

Oil output kg/h

Air 1 kg/h = 0.77 nm³ = 12.8 nl/min

N.B: Air-consumption at any oil-pressure always is related to maximum = 100% oil-output of the atomizer
